

PRESS RELEASE FOR IMMEDIATE PUBLICATION

Vripack Yacht & Ship Brokers sells *Dardanella*

Vripack Yacht & Ship Brokers (Sneek) has announced the sale of the 121' Research Vessel Yacht ***Dardanella*** at the 14th of April.

Acting as listing and selling agent Vripack is particularly pleased that the organisation has been able to sell the yacht to an experienced Dutch yachtsman. In 2005 Vripack sold the Moonen 83' Blue Symphonie of this buyer.

Furthermore the Holland based brokerage house reports a further price reduction on their Joint Central, ***Lady Marion***, a 78' motor yacht built by Jongert. More information about this exceptional yacht with an uncompromising pedigree is available on the website of Vripack (www.vripack.com), under the heading 'For sale'.

For more information and high resolution images, contact Harriët de Jong at Vripack.
